DETAILED ACTION

Response to Arguments

1. Applicant's arguments, see page 1, third paragraph, filed 10/26/05, with respect to the 35 USC 102b rejection of claims 1, 2, and 5 have been fully considered and are persuasive. The 35 USC 102b rejection of claims 1, 2, and 5 have been withdrawn. In light of the withdrawal of the rejection of the previous claims, the 35 USC 103a rejection of claims 3, 4, and 6-10 have also been withdrawn.

Allowable Subject Matter

2. Claims 1-16 are allowed.

3. The following is an examiner's statement of reasons for allowance: the prior art neither discloses nor makes obvious the combination set forth in the claims by not disclosing a post protruding from the front surface of a wobble plate and at least partially surrounded by a collar. A pin protruding from the front surface of a diaphragm, the pin having a recess for mating with the post, and having an outer portion surrounding the recess and able to resiliently deform so as to squeeze through the collar when the pin is pushed onto the post.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
